1 What this is

A published AssetProof sample. A real, complete record with every identifying detail removed — no address, no owner or agent name, no contact details, and no image showing a street frontage, a neighbouring property or a vehicle registration.

The Airbnb listing, written out field by field in the order the platform asks for it. Every claim is drawn from the record made of the property, so nothing here can be contradicted by a guest on arrival. Character counts are given where Airbnb enforces a limit.

2 Headline — title field (50 characters)

Five options. Each is inside the limit; pick the one that matches the season you are selling into.

TITLE	CHARS	LEADS WITH
Sea & mountain views · quiet street · chef's kitchen	49	The view and the kitchen
Ocean-view villa · braai patio · mins to Camps Bay	49	Location and outdoor entertaining
Quiet ocean-view home · 2 en-suite bedrooms	42	The rare quiet, and the true 2-bed 2-bath
Ocean views · vineyard garden · gas braai patio	46	The garden, which the comparables lack
Atlantic Seaboard home · sea & Lion's Head views	47	The two different outlooks

3 Description — the summary (first 500 characters)

Wake up to the open Atlantic and the Twelve Apostles. A premium two-bedroom, two-bathroom villa-style home on Cape Town's Atlantic Seaboard, minutes from Bakoven and Camps Bay beach, in a street that is genuinely quiet. Open-plan living behind plantation shutters opens onto a decked patio with a gas braai and a hanging egg chair, over a terraced garden of grapevines and lavender. Near-new fitted kitchen. Two double bedrooms, each with its own bathroom. Work desks and mesh WiFi in both.

4 Description — the space

The living and dining room is one bright open space with a solid-wood table that seats a crowd, a sofa and two armchairs, nested coffee tables and a wall-mounted television. Plantation shutters run the length of it — turn the louvres for light without the glare.

The kitchen is the surprise: near-new and properly fitted, with a Bosch French-door fridge/freezer, a Bosch Serie 4 dishwasher, a Whirlpool oven and four-burner gas hob under a stainless extractor, a Samsung microwave, a Nespresso machine, a Haden kettle and toaster and a NutriBullet. A full matched dinner service, wine glasses and champagne flutes, Pyrex oven dishes, good knives and a flatware service sized for a full table. You can genuinely cook and entertain here.

Both bedrooms are doubles and both are en suite, so nobody shares a bathroom. The primary faces the sea and has a bath and a separate frameless glass shower. The second looks over mature palms and the garden to Lion's Head, and has a mirrored built-in wardrobe, a desk under a round mirror, a walk-in dressing cupboard with a fitted safe, and

its own walk-in shower room.

Outside, the decked patio carries an outdoor dining table, a hanging egg swing chair and a Megamaster four-burner gas braai, and the garden terraces away below it in trellised vines and lavender.

5 Description — guest access

The whole house, the patio, the garden terraces, the garage and the covered carport are yours for the stay. Self check-in from 14:00; we meet you if you would rather be shown around. A keypad safe in the walk-in dressing cupboard is set to your own code at check-in and cleared after you leave.

6 Description — other things to note

Underfloor heating and split-system air-conditioning run the whole house, and it carries its own inverter and lithium-battery backup, so the lights and the WiFi stay on. The property is covered by monitored CCTV with outward-facing external cameras and an alarm with armed response. The garden is planted and tended and a gardener attends. There is no pool. The hillside is steep and the driveway is on an incline — worth knowing if anyone in the party is unsteady on their feet.

7 Description — the neighbourhood

Bakoven's boulder cove and tidal pool are two minutes down the hill; Camps Bay beach and its restaurant strip three to five; Clifton ten. Lion's Head and the Pipe Track are close enough for a morning walk, the Table Mountain cableway is fifteen to twenty minutes, and both the city centre and the V&A Waterfront are inside twenty. The street itself is residential and quiet — the coast road traffic stays below you.

8 Description — getting around

A car makes the most of this address, and there is covered parking and a garage on site. Ride-hailing is quick and reliable along the coast. The MyCiTi bus runs the Camps Bay route to the city. Victoria Road slows considerably on summer afternoons — allow extra time for the airport run.

9 Selling points, in priority order

Each is evidenced in the property's photograph file. Use the phrase as written; it is what the record supports.

#	FEATURE	COPY TO USE
1	Open sea and Twelve Apostles mountain views from the living area, primary bedroom and patio	Wake up to open Atlantic Ocean and mountain views
