CHECK-IN / OUT

14:00 / 10:00

1 Welcome

A published AssetProof sample. A real, complete record with every identifying detail removed – no address, no owner or agent name, no contact details, and no image showing a street frontage, a neighbouring property or a vehicle registration.

Welcome. You are on Cape Town's Atlantic Seaboard, in a quiet two-bedroom, two-bathroom home looking out over the open ocean and the Twelve Apostles. Everything you need for the stay is set out below – how the house works, what is in it, and what is worth doing on your doorstep. Make yourself at home.

3 House rules

RULE	WHY
No smoking indoors	The home is furnished throughout in fabric and wood
No parties or events	This is a quiet residential street and the neighbours are close
Quiet hours 22:00 – 08:00	Sound carries on this hillside
Please treat the home and garden with care	The garden is planted and tended, and the vines are real
Keep the gates closed and the doors locked when you go out	The property is alarmed and monitored

4 The kitchen

The kitchen is fitted and fully equipped, and it is a genuinely good one to cook in. There is a **Bosch** French-door fridge/freezer with humidity-controlled fresh drawers, a **Whirlpool** oven and a four-burner Whirlpool gas hob under a stainless extractor, a **Bosch** Serie 4 dishwasher and a **Samsung** microwave. On the counter you will find a **Nespresso** machine, a **Haden** kettle and matching toaster, and a **NutriBullet** blender. There is a full matched dinner service — around 23 plates, 15 bowls, serving platters, teacups, mugs and a tea service — plus tumblers, wine glasses and champagne flutes, Pyrex oven dishes, stainless pots and pans, a nested set of non-stick frying pans, a knife set, a ten-piece silicone utensil set, chopping boards, tongs, a corkscrew and a full flatware service sized for a large table. Starter basics — tea, coffee, sugar, salt, dishwashing and laundry detergent, soap and toilet paper — are in for the first few days.

6 Living, dining and the patio

The living and dining room is one open space: a solid-wood dining table with seating for a crowd, a sofa and two armchairs with throws and cushions, nested coffee tables, and a wall-mounted television with a universal remote on the console. Plantation shutters run across the windows and doors — turn the louvres rather than closing them fully if you want light without the glare. Outside, the decked patio has an outdoor dining table, a hanging egg chair and a

Megamaster four-burner gas braai. Please check the gas bottle before lighting, and let the grates cool before you close the hood. Below the patio the garden terraces away in trellised vines and lavender beds.

8 Sleeping, bathing and working

There are two double bedrooms and each one has its own bathroom, so nobody has to share. Bedroom 1 faces the sea, with a dressed bed, bedside lamps either side, a sliding-door wardrobe with hanging rails, drawers and shelves, and hangers ready. Its en suite has both a bath and a separate frameless glass shower, a vanity, and towels and bath mats set out. Bedroom 2 looks over the palms and the garden to Lion's Head. It has a bed with a curved upholstered headboard, a round bedside table with a lamp, a floating desk under a round mirror, and a built-in wardrobe with sliding and mirrored doors, hanging rails and drawers. Rolled towels are set out in the open shelving niche. A walk-in dressing cupboard runs between that bedroom and its own bathroom, which has a walk-in shower, a stone-topped vanity and its own window. A second full set of linen and towels is provided. Each bedroom has a floating work desk with an upholstered chair and a lamp, and there is a mesh WiFi unit and a multi-port USB charging hub at the desk in Bedroom 1 — two proper places to work if you need them.

10 The safe

The safe

A keypad security safe is fitted on the shelving inside the walk-in dressing cupboard off Bedroom 2. It is there for passports, cash, cameras and anything else you would rather not carry to the beach. We set the code with you at check-in and clear it again after you leave.

11 Safety and security

The property is covered by a monitored **Hikvision** CCTV system with external cameras and an alarm linked to an armed-response provider, with signage at the boundary. Cameras face outward only. Please keep the garden gates closed and the doors locked when you go out. In an emergency dial 112 from any mobile phone, 10111 for police or 10177 for an ambulance.

12 Before you leave

PLEASE	DETAIL
Check out by 10:00	Let us know the night before if you would like to leave bags
Run the dishwasher	Or leave the dishes washed and stacked
Close the shutters and windows	And switch off the air-conditioning
Turn the braai gas off at the bottle	If you used it
Leave the keys where you found them	And pull the door closed behind you

13 Around the corner

Camps Bay beach and its restaurant strip are a few minutes away, Clifton is ten, and the city centre and the V&A Waterfront are both inside twenty minutes by car. Lion's Head and the Table Mountain cableway are close enough for a morning. The Local Area Guide that comes with this pack has the full list, with a map you can scan straight into your phone.
