

A GIFT THAT MARKETS YOUR RENTAL FOR YOU

Why this guide is gold for your rental.

A beautiful Cape Town guide and a live concierge — free, branded for your guests, ready to print, display and share. It makes you the most thoughtful host in the city, and it does the talking while you get on with your life.

✓ Happier guests, fewer questions

No more “what should we do today?” messages at 7am. It’s all in the guide — and a live concierge answers the rest, day or night.

✓ More 5-star reviews

Thoughtful local touches are exactly what guests rave about. This is the detail that turns a good stay into a glowing review.

✓ Print once, use forever

Laminate the one-pager for the kitchen counter — it shrugs off spills, sun and a hundred guests. No reprints, no fuss.

✓ A concierge in every pocket

Send one link with your booking message and your guest arrives already sorted, with a live Cape Town concierge ready to plan their day around the weather.

Three ways to put it to work

1 Print & display

Print and laminate the one-pager. Stand it on the counter or pop it in your welcome folder.

2 Send the link

Drop the digital guide link into your booking / check-in message — every guest, every stay.

3 Let it do the work

The concierge fields the questions and tailors each day. You look brilliant; you lift nothing.

Get the guide — it’s free.
