Owner & insurer details · exact bedroom/bathroom count · appliance makes, models & serial numbers · high-value or specified items (jewellery, art, electronics) · pool safety compliance. Add these to complete the record.

AssetProof is not an insurer, loss adjuster, assessor, broker or certified valuer. An evidence pack is a structured documentation aid based on information and media supplied by the owner and on visual assessment. Replacement values are estimates in ZAR that support — they do not replace — formal valuations or your professional advice. Confirmed facts, owner-supplied information and estimates are distinguished throughout.
